

SZAB Kémiai Szakbizottság

leköszönő elnök: Erdőhelyi András; megválasztott új elnök: Tóth Ágota

Anyagtudományi Munkabizottság

leköszönő elnök: Berkó András; új elnök: Hernádi Klára

Tisztelettel meghívjuk Önt és Munkatársait

a SZAB Anyagtudományi Munkabizottság **2017. június 19.-én (hétfő) 11:00 órakor**
kezdődő rendezvényére.

Helyszín: **SZAB Székház I. em. 110. terem, Szeged, Somogyi u. 7.**

Előadás:

Dr. Amrish Chandra:

„Silver nanoparticles and its applications”

Department of Chemistry, Amity Institute of Applied Science
Amity University
Noida, Uttar Pradesh,
India

Vendéglátó intézmény:

SZTE, TTIK, Kémiai Intézet, Alkalmazott és Környezeti Kémiai Tanszék

Dr. Hernádi Klára *egyetemi tanár, kutatócsoport vezető*

Tisztelettel kérjük, hogy részvételével járuljon hozzá az AT-MB eredményes munkájához, és szíveskedjék a Doktori Iskolák ösztöndíjasait az előadás meghallgatására biztatni.

Szeged, 2017. június 12.

Brief Profile:
Amrish Chandra, Ph.D.

Dr. Amrish Chandra started his professional career in 2002 after his post graduation from Department of Pharmaceutical Sciences, Birla Institute of Technology, Mesra.

He was then selected & joined Bundelkhand University, a State Government University at Jhansi where he enrolled for his doctoral degree in 2005. He was fascinated by the applicability of noninvasive drug delivery technology and choose to work on Transdermal Drug Delivery System for his doctoral degree.

He got his first opportunity to lead an institute in 2008 and later on moved to Mangalayatan University, Aligarh as Founder Head, Department of Pharmacy, where he started M.Pharm. Pharmaceutics & dual degree programs in Pharmacy in 2010.

In present and past he has served on various boards and has been member of the Academic Council, Board of Studies, Curriculum Revision Board, Examination Committee, Paper Moderation Board, Doctoral Research Committee, Faculty & Staff Recruitment Board, Institutional Animal Ethical Committee and Proctorial Board. Has contributed as paper setter and practical examiner for National Universities and independent institutes.

He was recognized for the Best Oral Presentation by Association of Pharmacy Professionals in 2012. He is presently, a member of national level forum for Pharmacy Teachers (APTI), Pharmacy Professionals (APP) and Pharmacy Graduates Association (IPGA). He is on the Editorial & Advisory Board of various National & International Journals.

His very multifaceted talent gives him the ability to integrate various sciences and for his out of the box thinking. He qualified GATE twice and has to his credit 10 patents and has more than 40 national and international publications in recognized journals.

He has played an active role in designing & establishing various laboratories and getting it through Pharmacy Council of India (PCI) approval and CPCSEA approval process for animal experimentation and continues to do so.

He has guided 15 graduates towards their M.Pharm. thesis and 02 students for doctoral degree and is currently guiding 04 candidates towards their Doctoral Degree in Pharmacy & 02 M.Pharm. students.

His present research focus is to harness the herbal diversity of the country, synthesize nanoparticles and develop effective formulations. An integrative approach which he believes has the solution to many therapeutic challenges.

He along with his better half, Dr. Seema Garg, Faculty & Researcher in Chemistry work for the orphan children through Navya Welfare Society, named on the name of their daughter.
