

No.	Project title	Principal Investigator (MAE/YAE Member)	AE Class
1.	Improving Machine Self-Assessment by Algorithmic Turing Learning at the LLM Frontier	Imre Lendák	YAE
2.	Closed-Door Interaction on Politically Sensitive Topics – A Pragmatic Approach	Daniel Z. Kadar	A
3.	Translating Multifactorial Obesity Risk into Awareness and Prevention	Zoran T. Popovski	C
4.	The effect of migration on healthcare - Investigating the cardiovascular risks of immigrants in comparison with the host population	Péter Ferdinandy	C
5.	Cultural Landscape Community AI Hub	Luiz Oosterbeek	A
6.	AI-driven drug discovery and development platform for miRNA therapeutics	Péter Ferdinandy	C
7.	Hidden Risks: Anticholinergic Burden and Inappropriate Medication Use in the Elderly	Péter Hegyi	C
8.	Isotope hydrological data in supporting the sustainable management of the thermal aquifer at Băile Herculane, Romania	István G. Hatvani	YAE member
9.	Developing a Trauma-Informed Training Toolkit for Child Welfare Professionals	Kun Bernadette	YAE member
10.	Empowering young scientists as stakeholders in university decision-making	Liudvika Leišytė	A
11.	Developing a Linguistic-Based Fake News Screener in the Field of Healthcare	Enikő Németh T.	A

12.	Empowering women in science in the Danube Region	Katalin Solymosi	YAE
13.	Sustainable Ammonia Synthesis through Metal Nitride Innovation	Graham Hutchings	B
14.	Exploring Music History through Archival Narratives and Digital Access	Emilio Sala	A
15.	Enhancing cross-border collaborations within the Visegrád Group Society for Developmental Biology (V4SDB)	Gáspár Jékely/varga Máté	C
16.	Bridging generations and sparking curiosity: shaping the future of science in Europe	Crisanto Gutierrez	C
17.	Assessing the Societal Impact of Urban Climate Innovations in Central and Eastern Europe	Katalin Solymosi/Kinga Bíró/Mária Szalmáné Csete	YAE
18.	Probing the connections between deep earth processes and surface movements: what we can learn from remote sensing for mitigating natural and anthropogenic hazards?	Sierd Cloetingh	B
19.	A new edition of a late Roman manual: Mustio's Gynaecia	Gerd V. M. Haverling	A
20.	Developing Guidelines for the Safe and Effective Use of AI Systems in Systematic Reviews and Meta-analyses	Balázs Gyórfy	C
21.	Strengthening Participation of Widening Countries in EU R&I Programmes	Katalin Solymosi	YAE
22.	Investigating the Impact of Socioeconomic status on the Frequency of Dental Visits in Europe	Péter Hegyi	C
23.	Investigating the relationship between socioeconomic status and access to preventive health	Péter Hegyi	C

24.	Changes in the prevalence of cardiovascular risk factors among immigrants in the EU: The rd	Péter Hegyi	C
25.	Investigating the impact of chronic health conditions in the EU on mental health in adolescents in the light of their household background	Péter Hegyi	C
26.	Investigating effect of Obesity on work absenteeism in Europe	Péter Hegyi	C
27.	Access to Dental Care Services for People with Disabilities in Europe	Péter Hegyi	C
28.	Investigating the incidence of cardiovascular diseases in EU healthcare workers	Péter Hegyi	C
29.	Investigating the Effect of Social Support on Health-Promoting Behaviors among European O	Péter Hegyi	C
